

Update: 15 February 2021

### **Covid Vaccination**

***As you will know the Scottish Government alongside the other UK administrations have been working to the Joint Committee on Vaccination and Immunisation (JCVI) recommendations for rolling out the Covid vaccination programme. In short, those over the age of 50 and those with underlying health conditions will be immunised first – further details can be found at: [Joint Committee on Vaccination and Immunisation: advice on priority groups for COVID-19 vaccination, 30 December 2020 - GOV.UK \(www.gov.uk\)](#)***

***The Safeguarders Panel Team has spoken with the Scottish Government about further priorities groups and the prioritisation of key-workers which should include Safeguarders. The Scottish Government is still to make any announcements, but officials have provided assurances that Safeguarders and others involved in the Children's Hearings System will be included in their considerations.***
